ABOUT CCF QLD

The Civil Contractors Federation QLD (CCF QLD) is the peak industry body for the civil construction industry in Queensland. We provide our members with assistance, expertise and support on industry issues. CCF QLD prides itself on being the voice of the civil construction industry and advocates for the interests of industry and our members to all levels of government. CCF QLD has training centres in Brisbane, Townsville & Cairns. We represent contractor and associate members across the state; from as far north as Cairns and as far south as the Tweed.

CCF QLD delivers key communications to members and industry through two major digital platforms - eNews and QLD:INSIGHT Magazine. eNews is distributed fortnightly to CCF QLD members including contractors and suppliers. The targeted readership of eNews ensures that your message is delivered to a qualitative audience offering a greater opportunity for success while creating a genuine opportunity for lead generation.

QLD:INSIGHT Magazine began as a member only publication in 2007 has grown significantly over the past fifteen years, with over 3,000 copies of the full colour magazine distributed for free in digital format to CCF QLD contractor and associate members, Civil Train clients, other contractors and suppliers to industry, state politicians, government departments and other industry associations each quarter. QLD:INSIGHT is a targeted publication and delivers specific information to a high quality audience that is continuously growing. The targeted readership of QLD:INSIGHT ensures that your message is delivered to a qualitative audience creating a greater opportunity for success.

You can book advertising and/or content pieces for either platform and the CCF QLD team can even customise a package to suit your needs. Member and non-member pricing is available on the following page along with deadlines and specifications for your reference.
